

DISAPPOINTED

TONI SCORSESE

So, what'd you do – drink more and get married again? Brilliant. No judgment though.

And when you unwound that ball of wax, some of it stuck to you. “Oh my,” you said. “How do I get it off my fingers?” Simple, but not easy. It took a hot minute.

And now – after years of lament – you finally smile. Your pen no longer mourns the past but declares a bright future.

“It’s nice.”
“I don’t get it,” they said.

And when you learned this, it upset you. Why? Obvious. Painful, nonetheless. “Oh my,” you bewailed. “What kind of imposter does that make me?”

Don’t take yourself too seriously.

It’s your lesson to learn – not theirs.
And don’t ruminate on the joy; find your balance.

Then you won’t be disappointed.
