

# TONI SCORSESE, PH.D.

## INDEPENDENT SCHOLAR

Professor/Orator • Course/Tutorial Developer • Film/Graphics/Editor

I am a seasoned lecturer and life-long entertainer of audiences in and out of the academy. My inner performer impels me to deliver knowledge in a visual, visceral, and interactive manner, whether in person or online. These techniques guide mastery of learning – I thrive on my learners’ “ah ha!” moment.

Through video, voice, and conventional modalities, I create content to inspire academic, personal, and professional growth. My relational, organizational, and creative skills enrich programs to support students and others reach milestones that prepare them for opportunity and success.
